**"National POST-TRONIC machines save us more than 55% annually on our investment!"** —FIRST WISCONSIN NATIONAL BANK of Milwaukee

"Since we constantly strive to offer our customers the best service possible, we obtain the most advanced equipment available. For preparing customers' checking account statements, we feel that the National POST-TRONIC\* bookkeeping machines afford the maximum in efficiency, speed and accuracy.

"Our experience to date shows that the National POST-TRONIC machines have enabled us to effect savings that will give us an annual

return on our investment in excess of 55%.

"Specific benefits which make that result possible are the reduction in operator posting time, operator training and space requirements. The POST-TRONIC machine also greatly reduces the opportunities for human error; and that, of course, is of immeasurable importance in our customer relationships."

*William A. Brunner*  
Chairman of the Board, President

National's new POST-TRONIC provides the lowest cost bank posting. This means more efficient over-all operation of any bank, regardless of size. Your local National representative will be glad to show your bank how much can be saved. Call him today. He's listed in the yellow pages of your phone  book.
